## Errata 9

### Section 5.5.1: Replace with the following:

Equipment that meets the requirements of this International Standard shall be marked “ISO 13628-4” and/or “API 17D” in accordance with the marking requirements of API 6A (20th Edition), substituting “ISO 13628-4” and/or “API 17D” for “API 6A.”

All equipment marked “ISO 13628-4” and/or “API 17D” shall be marked also with the following minimum information: part number, manufacturer name or trademark. See API 6A (20th Edition) for metallic marking locations.

Equipment shall be marked in either metric units or imperial units where size information is applicable and useful. The units shall be marked together with the numbers.
