RE: API Specification 7-2 2nd Edition, and Errata 1

Please be advised that the **2nd Edition of API Specification 7-2**, *Threading and Gauging of Rotary Shouldered Connections*, has been published, along with Errata 1.

- The Date of Issue of this Edition is January 2017
- The Effective Date of this Edition is June 6, 2017
- The Effective Date of Errata 1 is August 2017

Please note that this document requires your review and attention. Facilities should ensure that all revisions are incorporated into the quality management system and that affected personnel are trained on any new requirements and are competent to perform the required activities. API Auditors will audit to this new specification during your next audit.

The licensed or applicant organization is required to maintain at least one copy of the most current edition of the English language version of the API Product Specification(s) under which it is licensed or seeking licensure. Current API publications may be purchased in the API Monogram Web Store.

A copy of this notification can be found at www.API.org/Monogram on the Updates page.
A copy of Errata-1 for 7-2, 2nd Ed. can be found at www.API.org/Monogram on the Addenda/Errata page.

Thank you for your continued dedication and support in maintaining the highest quality and product standards throughout the oil and gas industry.

Together, we can Power Past Impossible!

Sincerely,

Sharon Bowie
Manager of Operations, Monogram/APIQR
