

## Audit Advanced Pay Model for New Monogram/APIQR Applicants

New Payment Model, starting late Q2 2021

In June 2021, Monogram/APIQR will require **new facilities applying to the program** to pre-pay their audit costs before the audits are conducted. This Advanced Pay model provides API with the ability to quote audit costs for new clients, creating greater transparency and simplicity. When launched, quotes will be provided to all new applicants before the audits are conducted. Annual and application fees will not be affected by this change.

*This change will allow new applicants **to plan for audit expenses** and **make informed decisions** before incurring costs.*

Day-to-day operations already come with enough surprises. This new model will provide transparency to the audit process and assist with your organization's future planning.

Please watch for further communication from us regarding this new and improved model and how it might impact you in the future.
