PIX Information: registrar@api.org.

**As of November 1, 2022*

Tuesday, November 1, 2022

9:00am – 5:00pm CDT **Registration**
Location: Meeting Hub

1:00pm – 4:30pm CDT **API Workshop - Pipeline Pressure Cycle Management**
Location: Elm I-II

Wednesday, November 2, 2022

7:00am – 5:00pm CDT **Registration**
Location: Meeting Hub

7:30am – 9:00am CDT **Breakfast**
*Location: Springwoods
Village Foyer*

9:00am CDT **Welcome and Opening Remarks**
*Location: Springwoods
Village V* **Antitrust Statement & Presentation Ground Rules**

- Mark Piazza, API

Line Marking and ROW Safety Case Studies

9:15am CDT **PANEL:**
*Location: Springwoods
Village V*

- **Accurate Line Locating in a Multi-line Corridor** (20 Minutes)
 - Matt Miskelly, Magellan
- **Protecting Pipelines, People, and the Environment** (20 Minutes)
 - David Boone, Buckeye Pipeline
- **ROW Safety Techniques in Difficult Environments** (20 Minutes)
 - Dustin Gisclair, LOOP LLC
- **Questions** (15 Minutes)

10:30am CDT **Break**
*Location: Springwoods
Village Foyer*

Improving Geohazard Management through Technology & Innovation

10:45am CDT **PANEL:**
*Location: Springwoods
Village V*

- **Marathon Lessons Learned from Recent Geohazard Failure and Program Updates** (20 minutes)
 - Kristen Schnipke, Marathon Petroleum
- **Geohazard Assessment Following Flooding Events, A Case Study** (20 minutes)
 - Lorena Cala-Phillips, TransMountain Pipeline
- **Enbridge's Lidar Democratization Journey** (20 Minutes)
 - Philip Hestvik, Enbridge
- **Questions** (15 Minutes)

12:00pm CDT
Location: Springwoods
Village Foyer

Lunch Break

Advancing Integrity Management Through Operational Improvements

1:00pm CDT
Location: Springwoods
Village V

PANEL:

- **Multi-Sensor Inspection Ball – Moving Beyond Leak Detection** (20 Minutes)
 - Rick McNealy, Chevron
- **Methodologies of Pipeline Pressure Cycle Monitoring** (20 Minutes)
 - Juan Espiga, ExxonMobil Pipeline
- **Tubing Systems – Compression Fitting Awareness** (20 minutes)
 - Andrew Cole, P66 Pipelines

Questions (15 Minutes)

2:15pm CDT
Location: Springwoods
Village Foyer

Break

Using Leak Events to Learn and Drive Technology Development

2:30pm CDT
Location: Springwoods
Village V

PANEL:

- **Case Study – Using Incidents as an Opportunity for Leak Detection Program Improvements** (20 minutes)
 - Michael Plishka, Colonial Pipeline
- **Incident Learnings from a Pump Seal Failure Leak** (20 Minutes)
 - Eunice Yin and Lichun Zhang, Enbridge
- **Pinhole Release Caused by External Corrosion Leak** (20 minutes)
 - Matt Fix, Marathon Petroleum
- **Control Room Lessons Learned From a Major Release** (20 minutes)
 - Chris Yost, P66 Pipelines
- **Questions** (10 minutes)

Developing the Pipeline Industry Workforce Through Sharing & Learning

4:00pm CDT
Location: Springwoods
Village V

- **ExxonMobil's Pipeline Material Donation Program** (20 minutes)
 - Nic Medina, ExxonMobil
- **Questions** (5 Minutes)

4:25pm CDT
Location: Springwoods
Village V

Closing Remarks – Mark Piazza

4:30pm CDT
Location: Springwoods
Village Foyer

Reception
